

Textile Auxiliaries

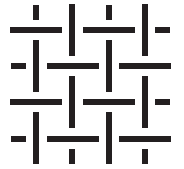

ZETESAL NR gold+

Great colours with our gold

ZSCHIMMER & SCHWARZ

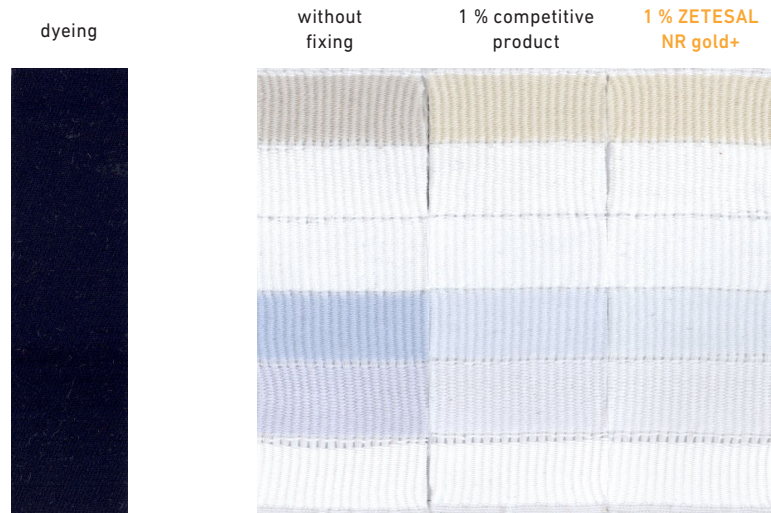

ZETESAL NR gold+

Technical features

- ▶ aftertreatment and reserving agent for dyeing and printing of polyamide for highest quality standards
- ▶ excellent improvement of the wet fastness properties of polyamide dyeings with acid dyestuffs
- ▶ same top performance as ZETESAL NR
- ▶ substantially lower yellowing of the treated goods
- ▶ pleasant fresh smell
- ▶ reduced phenol content

Washfastness improver for dyeings and printings on polyamide and polyamide/elastane

Substantially lower influence on shade and yellowing
