

ZS-DYESET RFT

step up to the best
dyebath conditioner for
right-first-time dyeings

guarantees highest process stability

no spots on fabric

high dispersing properties

the first cross-over product
for all kinds of dyeings and fabrics

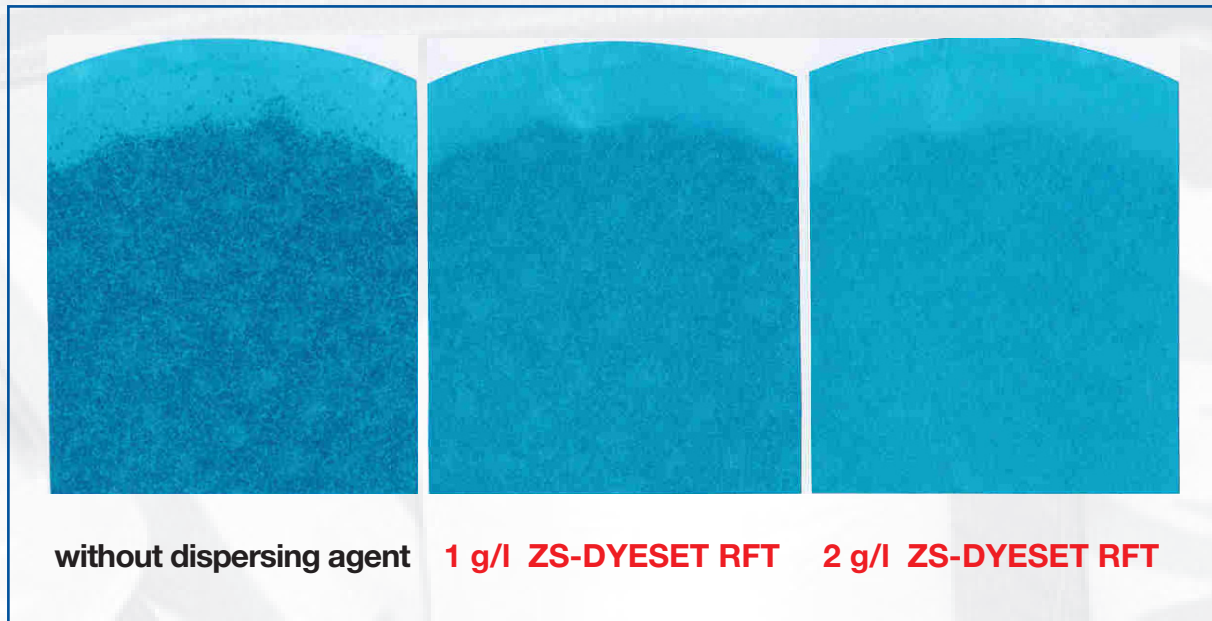

GOTS 3.0
approved

ZSCHIMMER & SCHWARZ

ZS-DYESET RFT has big dispersing and sequestering power

→ prevents dyestuff agglomeration

Test of dispersing properties in reactive dyeing with C.I. Reactive Blue 21 (15°dH water, filtration through blue ribbon filter at 25°C):

ZS-DYESET RFT is stable in padding liquors with high amount of salt and alkali
